

# iPads

An immersive Retina display. Powerful 64-bit chip that can easily run graphics-intensive games and apps. Advanced cameras, front and back. Simple and secure authentication and Apple Pay. Wi-Fi and LTE. All-day battery life. Over a million apps available on the App Store. And with iOS, iPad is more powerful and personal than any other computer, so you can do more than ever before. iPad. There's nothing else quite like it.
