

# iPads

An immersive Retina display. Powerful 64-bit chip now with M2 Processors for the iPad Air and the all new M4 processors for the iPad Pro that can easily run graphics-intensive games and apps. Advanced cameras, front and back. And even thinner! Simple and secure authentication and Apple Pay. Wi-Fi, LTE, WiFi6\*. All-day battery life. Over a million apps available on the App Store. And with iOS, iPad is more powerful and personal than any other computer, so you can do more than ever before.
